

SECOND HARVEST FOOD BANK OF NORTH CENTRAL OHIO

1982 TO 2012
30 YEARS
OF MORE & LESS

2011-2012 ANNUAL REPORT

30 YEARS OF MORE FOOD AND LESS HUNGER CALL FOR A

CELEBRATION

1982

The County Cupboard & Resource Center was established as a temporary hunger-relief program serving Lorain County. County Cupboard distributed surplus commodities from the USDA along with food provided through an anti-trust lawsuit settlement.

1986

County Cupboard was granted tax-exempt status under IRS section 501(c)(3) and added Huron and Erie counties to its regional service area.

1995

As needs within the counties increased, County Cupboard began an aggressive campaign to gather and distribute more food and other resources. To better reflect its broader services, County Cupboard officially changed its name to Second Harvest Food Bank of North Central Ohio.

1998

Following a successful capital campaign, Second Harvest purchased land and built a new facility at Deer Trail Lane in Lorain, adding much-needed warehouse and refrigerated storage space.

2007

2008

Crawford County became part of Second Harvest's regional service area.

Second Harvest's board of directors and staff completed a comprehensive strategic plan, outlining goals to address hunger in the region.

2012

Second Harvest distributions reached a record 7.5 million pounds of food and grocery products, up 31% from the year before. Through the agency network, over 2 million pounds of locally-grown produce was distributed at Farmer's Markets.

1985

County Cupboard became an affiliate of Feeding America, formerly America's Second Harvest, and was successful in gaining funding through the United Way of Greater Lorain County.

1988

By the late 80s County Cupboard had outgrown its Vermilion location and relocated to Amherst.

1997

SECOND HARVEST FOOD BANK

VISION FOR THE FUTURE

Although the economy is slowly improving, hunger remains a critical issue for families, and especially seniors and children. For the past 30 years, Second Harvest has been the leader in alleviating hunger in our community by distributing 80 million pounds of food and grocery products, equaling 67 million meals for families struggling with hunger. Our capacity to provide food and resources through our hunger-relief network has had a direct and lasting impact across our region.

Our ability to support and strengthen those devoted to addressing the issue of hunger has never been greater and yet, it is not enough. Looking to the future, we will utilize all of our resources in undertaking strategic initiatives aimed at expanding our capacity to bridge the gap and bring hope to the families we serve.

Our goal remains unchanged: **More Food.** Less Hunger.

MORE CAPACITY MORE IMPACT LESS HUNGER
